DATART

Purchase electronics at VIP prices

- In order to use the VIP programme, you must register on the web page www.datart.cz/vip. At the bottom of the welcome page, you can select one of two options – whether you have ordinary registration on the web site at Datart or not. Then you fill in the indicated fields and enter the university **VIP code**, which you can find in the [overview of discount codes](#).
 - After successfully registering, you only need to login to the e-shop www.datart.cz via the “my Datart” window. You can tell that you have registered correctly and are a VIP customer when there is a VIP label next to your name.
 - You can also shop at VIP prices in physical stores. Once you are registered in the VIP programme, just say at the checkout that you want to purchase the item with a VIP discount and provide your email.
- CU employees can obtain the discount code by logging in to the web page [overview of discount codes/vouchers](#). To view the page, use your login data, which you use to log in to CAS – the CU Central Authentication Service. You can also write to jana.sikorova@ruk.cuni.cz.
