
Petra Clinic

Modern clinic of aesthetic and laser medicine has been offering non-invasive procedures of body shaping, skin rejuvenation and wrinkle smoothing, as well as fat reduction for over 20 years.

The clinic uses the most modern laser and other technologies and combines more than 50 different medical devices to provide the clients with perfect results.

Petra Clinic offers the Charles University employees and alumni **20% reduction on all non-invasive procedures** based on the price list. To reach for the reduced price, the CU employees or Alumni Club members will have to submit the employee or membership card.

Come and experience the family atmosphere of the clinic situated in the centre of Prague, Vodičkova street, Světozor passage, 4th floor. Petra Řehořková and her expert team will be pleased to look after you.
