Advent trip to Wroclaw, Poland

Advent trip to Wroclaw, Poland Wroclaw, the capital of Silesia, is a historical gem. It is the fourth largest city in Poland and lies on the Oder River in the middle of Lower Silesia. It has two commercial ports and is an important industrial, transport, commercial, educational and cultural centre for the entire southwestern region of Poland. The city is said to have 100 churches, 18 of which are right in the city centre.

Following six centuries of foreign control (Czech, Austrian, Prussian), the city has unique architecture and culture. This is most notable in the exquisite old market square.

The city's location on the Oder River, with its 12 islands, 112 bridges and riverside parks, inevitably draws comparisons to Venice, and the beautifully preserved church quarter is a treat for lovers of history and Gothic architecture in particular.

We offer you the opportunity to visit this beautiful Polish city during Advent.
