CU Point is here for all applicants, students, employees, and graduates of Charles University.

Each year, we answer 6,000 e-mails and 3,000 phone calls. We issue thousands of student and employee ID cards, organize over 100 workshops and events, and care for a network of more than 2,200 members of the Alumni Club and about 500 students who use some of the services of the Carolina Centre. And this is not all we do.

CU Point is your principal contact point with the university.

Until recently, CU Point operated under the name Centre for Information, Counselling, and Social Services of Charles University. The name change expresses our wish to be closer to you – and with a name that is easy to remember.

Starting in the autumn of 2019, most of the services can be found once again in the newly renovated spaces at Celetná 13, Prague 1. However, there are a few exceptions:

- Legal, social, and psychological services can be found at Školská 13a.
- The Centre for the digitalization of study materials and the Charles University Alumni Club can be found at Celetná 20.
- The University Shop, full of gifts and promotional merchandise, is located at Celetná 14.

You can find more detailed information on the web pages of our services.
